TWILLINGATE GUIDE

Let's visit Twillingate.

Twillingate is a small town with a lot to offer. It's located a few kilometres from Gander and Lewisporte and can access by driving.

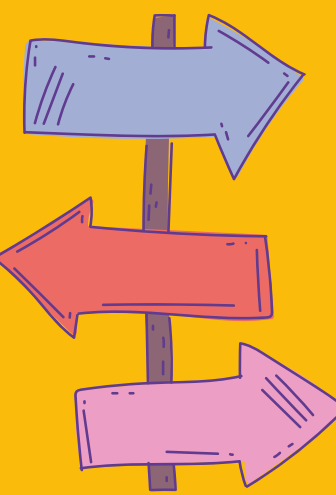

There's a museum and art gallery featuring the works of local artists, as well as an interpretive centre that tells the story of the town's history and heritage.

These include the Fish Fun & Folk Festival, which takes place in July and features musical performances, food and dance. In addition, there's a theatre that hosts dinners and plays during the summer months, as well as annual events and shows.

With just over 2,000 people, it's not one of Newfoundland's larger towns, but it has plenty of things to do and places to explore.

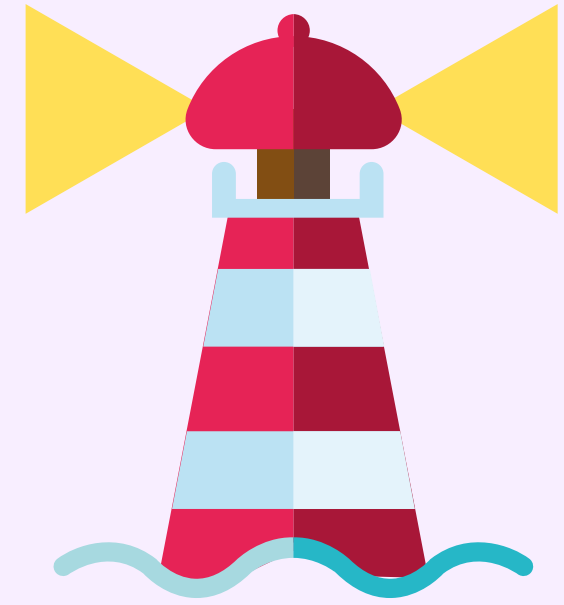

You can also visit various historical sites around town, including Long Point Lighthouse, which is a favourite by everyone. The town is also home to a variety of festivals throughout the year.

There are plenty of trails for hiking and biking. You can also go whale watching or iceberg watching on a boat tour.
